

DIGITAL SAFETY STORIES DISCUSSION POINTS

STORY: Very Dark

AUTHOR: David Kearns

DATE OF STORY: February, 2011

1. What was the reasoning for change of plans from fixed wing to rotor wing?
2. Why was fixed wing dispatched?
3. What would negate the reasons that fixed wing was dispatched?
4. Are patient needs ever greater than safety?
5. Did the medical crew pressure the pilot to go?
6. How should a pilot handle crew pressure?
7. Why was the pilot reluctant to say anything?
8. Who should authorize a change in process or protocol?
